A Step-by-Step Program for Fostering Female Researchers to Lead Local Communities and Pioneer the Future

The 4th Miyazaki International Symposium

CHANGES BROUGHT ABOUT by COVID-19

~Steps to Achieve the SDGs~

This symposium, organized by the committee of female researchers of the University of Miyazaki formed for the purpose of interdisciplinary integration, features domestic and foreign speakers who are active at the forefront of their respective fields.

In the symposium focusing on various changes due to COVID-19, the speakers will discuss how these changes can be utilized for achievement of the SDGs, a call for action by all countries, beyond the borders of research fields. Please feel free to join us!
